Survivor Quest
Mondays
Grades K-4
Fee: $200

Challenge your survival skills in this fun and high energy class! Let your imagination run wild as we explore, race, and build. Our journey will take us on scavenger hunts that will include fun games, puzzles, and team building challenges that will keep you on your toes! It’s time to get wild and wacky in this outrageous Survivor Quest class!

So Fly Kids: Jazz & Hip-Hop
Mondays
Grades K-3
Fee: $220

Dancers will learn the fundamentals of jazz technique and hip-hop movement. At the end of the session, dancers will perform their choreographed routines to Taylor Swift’s “Bad Blood” and Omni’s “Cheerleader”! So Fly instructors have been trained at some of the top dance studios around the world and have been featured on VH-1, TCL, and MTV. They thrive on teaching proper technique while making dance FUN!

SHOWTIME/PERFORMANCE: Monday, December 14 (Friends, family, and cameras welcome!)

Lego Engineering: Super Structures
Mondays
Grades K-3
Fee: $186

Calling all engineers! Join the Egghead Engineering squad this session and create structures and machines while completing fun challenges. By using LEGO$s, students will build, design, and test real structures such bridges, skyscrapers, pyramids, and more! Lego Engineering is a fun, hands-on, science program for boys and girls!

Kitchen Kid: Global Eats
Mondays
Grades K-4
Fee: $230

Come travel the world…of food! Students will learn fundamental culinary skills and nutrition while having fun and exploring their creativity. Healthy and delicious recipes include Italian panzanella salad, handmade tortillas with salsa verde, French crepes, and much more! Join Kitchen Kid and explore wonderful cuisines from around the globe!
Yearbook w/Ms. Mason
Mondays
Grades 5-6
Fee: Free!

Help make history by creating your Lower School yearbook! You will learn all parts of putting a yearbook together from beginning to end including: taking and organizing photographs, creating, proofing, and publishing layout spreads; coordinating and distributing. Join the fun and help make lasting memories!

TGA Golf
Tuesdays
Grades K-4
Fee: $290

TGA Premier Junior Golf brings the golf course to Brentwood! Fun comes with every TGA class, but our curriculum focuses on improving motor skills and physical fitness as well as instilling self-confidence and life values. Students learn the basic fundamentals, etiquette, and rules of the game in our comfortable environment with a low 10:1 student to professional instructor ratio. Best of all, we provide the equipment and training materials, so children of all skill levels have the chance to come and tee it up with TGA!

Rhythm & Drums
Tuesdays
Grades K-5
Fee: $360

Join Rhythm and Drums to understand and master musical rhythm. Learn to play on hand-percussion instruments such as the djembe, cajon, tubano, and more! Enjoy a variety of games and engaging exercises that will make understanding rhythmic relationships fun and easy!

Animal Encounters
Tuesdays
Grades K-4
Fee: $235

Sign up with Animal Encounters and you’ll meet a 9 foot python and a 6 foot iguana! Each week, students will handle new animals such as snakes, lizards, birds, and more. In this fun and gentle learning environment, students will learn about a featured animal through stories, games, or craft activity. Join the fun!
**Dino-Robotics**  
Tuesdays  
Grades K-3  
Fee: $245

Join us in an amusing and engaging journey into the past and the future! Students will be learning the fundamentals of robotics while building unique dino-robots! By using remote controls, transmission gears, and other electronic tools, students will develop motor skills, thinking strategies and more! Students will also study fossils by digging in mini archeological sites! Best of all, students take home every model built throughout the semester!

---

**Robotics Age**  
Tuesdays  
Grades 4-6  
Fee: $245

Join H.M. Logi in an adventure that will supply you with the tools necessary to understand the technology behind the buttons you push. Using programming kits, you will get to learn about a robot’s movement and reactions by building one of your very own! Best of all, you get to take home every model built throughout the semester!

---

**Debate w/Mr. Choudhary**  
Tuesdays  
Grade 6  
Fee: Free!

Beginning with an emphasis on cogent and persuasive public speaking skills, this ASA course will cover basic rules and techniques used in Middle School Public Debate League (MSPDL). From learning the essential components of arguments to executing such arguments in constructive and rebuttal speeches, students will engage in debates with peers concerning social, political, and economic issues. Sixth Grade students are also welcome to join the Middle School debate team at tournaments during the year.

**Please note:** This activity takes place from 3:30 p.m. – 4:30 p.m.

---

**Book Club w/Ms. Pam & Ms. Hardisty**  
Tuesdays at lunch!!  
Grade 6  
Fee: Free!

Come for lunch and discuss books that have lasted over the course of time!

**Please note:** This class will begin Tuesday, October 13, and will run until Tuesday, May 17.
**Egghead Astronauts**

Wednesdays  
Grades K-3  
Fee: $200

Blast off with the Egghead Astronaut crew as we explore the far reaches of our universe. Students will learn what it takes to be an astronaut by recycling water in space, setting off rockets, and creating volcanoes! At the end of the semester, students will receive their own Egghead Rocket Science degree!

**Karate 4 Kids**

Wednesdays  
Grades K-4  
Fee: $240

Karate 4 Kids offers high energy classes in a safe non-competitive environment. Students will build a strong foundation for respect and discipline while having fun! This class is appropriate for beginners and students continuing their Karate journey.

**Tinkering Workshop**

Wednesdays  
Grade 2-6  
Fee: $310

Join Tinkering Workshop and learn the skills needed to work confidently with wood and build your dream structures. Tinkerers will work with wood, metal, and recycled materials and translate their imaginations into physical objects. Through tinkering, students develop the skills needed to work confidently with construction materials.

**Chess for Success**

Wednesdays  
Grades 1-4  
Fee: $340

Let all Pawns, Knights, Bishops, Rooks, Queens, and Kings gather around for a fun-filled class as you learn and play the game of chess. Students will develop critical thinking skills, plan-ahead tactics, and good sportsmanship. They will also learn to see patterns, solve problems, and analyze their decisions. Signing up for chess is a fantastic move!
Building Bonanza w/Ms. Joslin & Ms. McInerney
Wednesdays
Grades K-1
Fee: Free!

Come build and have fun with Ms. Joslin and Ms. McInerney! Use materials such as string, clay, toothpicks, Legos, Magnatiles, and more to build incredible creations!

Calligraffiti w/Mr. McInerney
Wednesdays
Grades 3-6
Fee: Free!

Get your penmanship swag on with this class on calligraphy and graffiti. You will copy classical and modern typography styles while listening to sick beats with Mr. McInerney!

6th Grade Enrichment w/Ms. Hardisty
Thursdays
Grade 6
Fee: Free!

In preparation for AstroCamp, we will be exploring some of the math and science associated with Astronomy. After AstroCamp, we will explore math enrichment topics for Sixth Graders, with an emphasis on algebraic thinking.

Please note: This class begins at 7:40 a.m. every Thursday.

Musical Theater Los Angeles
Thursdays
Grades K-3
Fee: $485

Musical Theater Los Angeles invites you to join their production of “The Wizard of Oz”. Get ready to walk down the yellow brick road in full costume as Dorothy, Scarecrow, the Wicked Witch of the East, Glinda the Good, and more! Best of all, watch our Brentwood stage transform into a magical world where dreams come true!

Please note: This is an hour and a half class that will end at 4:45 p.m. each Thursday.
Game Creation with Minecraft

Create games using Minecraft! In teams, students will learn to work together in creating their own Adventure Map. Once they’ve learned the basics of programming and game architecture, students will choose their roles and create a fully working Adventure Map that can be shared with their friends. Get excited as you are no longer the player, you are the designer!

Please note: This is an hour and a half class that will end at 4:45 p.m.

Being Da Vinci: Art, Science, and Culture of Our World

Join Being Da Vinci, where students use art as a lens to explore STEM subjects! We’ll journey through different countries such as France, Italy, and Greece and discover their culture through food and art. Design menus, storefronts, and use programs such as Minecraft and Garage Band to create your own architectural work of art! Just like Leonardo Da Vinci’s life was a laboratory of imagination, this class will be a live working studio at the intersection of science and the arts!

Sand Sisters: Girl Empowerment & Character Building

Grab your friends and join the Sand Sisters, where girls are encouraged to live active and healthy lives! Every week, a positive themed word will be incorporated into every lesson through a guided journal (which will be brought home on the last day of class). In each class you’ll enjoy creative workouts with your friends and end with an arts and crafts activity. Sand Sisters strives to empower girls to see themselves as powerful, beautiful, unique, smart, and confident young women!

Mad Science

We’re on a mission to discover the world of science. In this session, students will explore magnets, tape, glue, and all things that bring us together. The pressure will be on as we uncover the science behind aerodynamics and the properties of air. Explore the energy of motion and learn how to make mechanical energy fun! And best of all, you will build molecules with your very own Atomic Coins!
